(*b*) All cases sent to the Financial Secretary under this rule should be treated as immediate and returned to the Department concerned within three days of receipt.

Final Note by the Third Member of Council.

Subject:— Proposals of the University Council for filling up the posts of Professors of Chemistry and of Organic Chemistry in the Central College, Bangalore.

The post of Professor of Organic Chemistry in the Central College has become vacant by the death of Mr.M.G.Srinivasa Rao. Mr.Srinivasa Rao was originally in the grade Rs.400-30-700, and on the resignation of Dr.F.L.Usher, Professor of Chemistry, he was promoted to the grade Rs.500-50-1,000. The work of Dr.Usher has been entrusted to Dr.B.Sanjiva Rao who has been given a pay of Rs.400. For the appointment of Professor of Organic Chemistry in the place of Mr.Srinivasa Rao, the University invited applications fixing the pay of the post at Rs.400 on probation for two years and Rs.400-30-700 on confirmation.

The University Council have, after considering the applications received, recommended that either Dr. B.L. Manjanath or Dr.K. Venkataraman may, in the order of preference mentioned above, be appointed Professor of Organic Chemistry on probation for two years on a salary of Rs.400 a month, the selected candidate being placed in grade Rs.400-30-700 on confirmation. They have at the same time recommended that Dr.B.Sanjiva Rao who has now been placed in charge of the Chemistry Department on a pay of Rs.400 be appointed Professor of Chemistry in the grade Rs.400-30-700 against the vacancy of Rs.500-50-1,000 caused by the death of Mr. Srinivasa Rao.

The First Member of Council has noted that the pay proposed to be given in these two cases appears to be too high, as persons with almost identical qualifications have recently been entertained by the Indian Institute of Science on a salary of about Rs.200. In regard to this, it is proposed to address the Vice-Chancellor about the possibility of reducing the scale of salaries of Professors and

Assistant Professors to be appointed in future. In the present case, the post of Professor of Organic Chemistry having been advertised as carrying the salary of Rs.400-30-700, it is not possible to make an appointment on a lower salary.

Page 4 of Office Notes

The question was considered in Council on the 14th instant when it was resolved that the recommendation of the University Council be accepted and Dr. Manjanath selected for the Professorship of Organic Chemistry.

Gracious approval of His Highness is accordingly solicited (1) to the appointment of Dr. B. Sanjiva Rao to the grade of Rs. 400-30-700 (the post on Rs.500-50-1,000 being abolished), and (2) to the appointment of Dr. B.L. Manjanath as Professor of Organic Chemistry on Rs.400 for two years, he being entitled to be placed in the grade Rs.400-30-700 after satisfactorily completing the period of probation.

FROM

B. M. SRIKANTIA, ESQ., M.A., B.L.,
Registrar, Mysore University,
Mysore.

To

N.Rama Rao,Esq.,B.A.,B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Departments, *Bangalore.*

Sir,

I am directed to state that the post of Professor of Organic Chemistry (Grade Rs.500-50-1000), Central College,Bangalore,having become vacant (consequent on the death of Mr.M.G.Srinivasa Rao,M.A.,) a post in grade Rs.400-30-700 was advertised and 32 applications were received in response to the notification.

The applications were considered by the University Council at the meeting held on the 29th May 1928, and it was resolved that Dr.B.Sanjiva Rao be appointed Professor of Chemistry in the grade Rs.400-30-700 against the vacancy of Rs.500-50-1000: and that for the post of Professor of Organic Chemistry,the following be recommended i the order mentioned below:-

Dr. B.L.Manjunath.
Dr. K.Venkataraman.

It was further resolved that the selected candidate will be on probation for 2 years on a salary of Rs.400/- a month and that if confirmed thereafter will be placed in grade Rs.400-30-700.

In this connection, I am to state that Dr.B.Sanjiva Rao is at present drawing Rs.400/- against the grade Rs.400-30-700 and has put in a service of nearly 13 years.

On the death of Mr.M.G.Srinivasa Rao, Dr.Sanjiva Rao was placed in charge of the Chemistry Department with a special allowance of Rs.100/- (G.O.No.10500-1/Uni.248-27-6, dated the 28th March 1928).

I am directed to state that Dr.Sanjiva Rao will continue to be the head of the Department and that a further recommendation will be made as regards the increment which should be given to him in view of his additional responsibilities as head of the Department.

I am to forward herewith a copy of extract from the Proceedings of the University Council together with a list of the applications and the applications in original and to request that you will be so good as to obtain kind orders of Government in the matter.

As the Professor appointed has to enter upon his duties in the College on 2nd July 1928, the date of reopening of the College after the present vacation, early orders of Government may kindly be obtained.

In this connection, I am to enclose in a separate sealed cover, a confidential memorandum dated the 10th May 1928, from Dr.Metcalfe, regarding the appointment of the Professor of Organic Chemistry.

I have the honour to be,

Sir,

Your most obedient servant

B Ln Sivakantha

Registrar.

4.Dr.Sakarlal V.Shah, Prof. of Chemistry, Rajaram College, Kolhapur.	Mr.Vijilal J.Shah	Jain~~Hindu~~ Kuwad	26	D.Sc., Ph.D. 22 25	PProf. of Chemistry Rajaram College, Kolhapur, Rs.300 plus free quarters (furnished) light, servants &c.	Was working at the Baroda College as an honorary Prof. for German.	Vide colum 8 & 9. Publication published in Germany. Inaugeral -Dissertation, zur Erlangung Der Doktorwurde der Hohen Mathematisch - Naturviscenschaftlichen Fakultat der Georg August - Universitat Zu Gottingen. After taking the Ph.D. degree remained in Germany for a year and worked in various factories concerned mainly with dyeing and bleaching.
5.Mr.Biswesvar Sen Gupta (Thro.service securing agency,Delhi)	--	--	--	38	M.Sc.(Cal) in Chemistry	--	Has served for 6 months as Chemistry on Rs.100 p.m. in the calcutta Town Laboratory; for 8 months as chemist on Rs.220 p.m. in the Universal ore crushing co., Mullundpukuer; for 1 year 4 months as public Analyst on 220 in the mines Board of Health, Bihar and Orissa . Dhambad and for 4 years as chemical adviser Managing director of Factory and secretary on Rs.300 p.m. to the late General Nawab O aidullakhan C.I.E. Bhopal.	Do well up in Chemical Manufacture, Commerce and Economy.

2.25-26. One year's contract: Was ~~a~~ time instructor in college of Chemistry and in this capacity ~~he~~ taught the 1 & 2nd year students inOrganic and Analytical Chemistry. Salary ₹ 30 p.m.

3.June 26 to Aug.27. Was placed in charge of the department of Organic manufacture/s.In this capacity manufactured several hundred dollars worth of rare ~~&~~ Organic Chemicals i.e. Alchohols, Acids, aldehydes, ketones, amines, amino acids, anthraquinones &c. employed in technical and academical research work in America. Was carrying research on improving the methods of manufacture of some of these chemicals. For some time during the period served also as an expert ~~chemist~~ for 1. Animal Husbandry, 2. Horticulture 3. ~~Dairy products station depts~~ in the College of Agriculture. Salary ₹ 300 p.m. ~~3.Dairy-products-station-depts.~~ Left the post for return to India.

Mr.J.J.Sudborough on Bixin, the essential constitutent of annatto dye was awarded by the University of Madras in Sept.1925 the Sir William Meerburn Prize for chemical research. University of Manchester.- Held a state technical scholarship of the Govt.of Madras from Sept. 1923 to April 1927. Worked under Mr.J.Huebner director of Department of Dyeing and presented a thesis on'The Behaviour of different starches towards dyestuffs and Iodine' for which B.Sc. degree was awarded.

Carried out research under Prof.R.Robinson and presented a thesis entitled 'Experiments on plant colouring matters' for which the Ph.D. degree was awarded. Since Aug.1927 has been working on plant colouring matters at the Indian Institute of Science as a Research Fellow of the Madras University. Delivered 2 extension lectures on Artificial silk at Bangalore and 8 ordinary University lectures on 'Chemistry of the Cotton Industry' at Madras.

10.Dr.S.A.Kamat, Chemist,Golanji Hill Parel,Bombay.		Ph.D.(Berlin)25		Was research officer under the Indian Research fund association.	Had a distinguished academic career both here and in Germany where he studied at the Polytechnic of Charlottenburg for 4 years.
11.Dr.D.D.Kirtikar Industrial,Pharmaceutical and Analytical chemist, 40 John Road, Kashi-Nivas,Bombay.	Hindu	Maharashtra	Ph.G.,Ph.C.M.Phar. D. (U.S.A.) Equivalent to B.Sc., M.Sc., & Ph.D.	Worked as an Asst. Asstt. to the Prof. at the University of North California during 22-23.Worked also as Research organic chemist with the Sholapur mills for 16 months.	Made researches in the field of Organic chemistry and papers on some have appeared in American and Indian Magazines. Specialised in the Industrial Organic chemistry. Worked in American Mills and Factories as Organic Chemist. Is a member of the Elliston Mitchell society of N.California and belongs to the fraternity of the Epsilon Phi delta of the American Universities.
12.Mr.A.D.Chaudhari Through Eastern Service Agency 199, Horny Road Bombay		20	Degree holder of German University as a paper of Technihar	Has joined the Technical Institute, Altenbury in Saxony. Has worked in Stattersdorfo. Papier Fabrik Stattersdorf Austria as Chemist and Asst. Manager and with Chandhen Bros. as Manager for 2 years.	Knows paper mill and water power construction.
13.Mr.Y.Chaudhury do		28	Holds the diploma of paper Technihar from Germany.	Had been in Germany nearly for 3 years. Has had a practical and theoretical experience in paper manufacture. Has served as a paper chemist in Himatdeol cie chemistry chemitner paper fabrik	

rganic Chemistry to the Intermediate Science B. c., ..., al Geog and is in charge of practical ..ic istry work of the classes. Selecting 6 students in their research in rganic chemistry. Published one paper with Mr.Kulora, two more papers ready for publication one 3 sulpho - 5 nitro and 5 sulpho 3 nitro salicylic acids and their derivatives and the other on chloral derivatives of amides of benzoic and hydroxy benzoic acids. Has been for the past 3 years examiner at the Intermediate Science Examination in Chemistry.
